

As required by regulations and for purposes of clarity, we have included this engagement letter to confirm our understanding of the terms and objectives of the tax return preparation engagement and the nature and limitations of the services we will provide to you for the year ended December 31, 2024 and to clarify the nature and extent of the tax services we will provide.

Services Provided

We will prepare the Federal and State (and city/local if indicated) **individual income tax returns** for calendar year ending December 31, 2024. We are not responsible for returns not included on this engagement letter.

We are under no duty to review the information you provide to determine whether you may have a filing obligation with another state. If we become aware of any other filing requirement, we will tell you of the obligation and may prepare the appropriate returns at your request as a separate engagement.

It is your responsibility to provide all the information required for the preparation of complete and accurate returns. You should retain all the documents, canceled checks, and other data that form the basis of income and deductions. These may be necessary to prove the accuracy and completeness of the returns to a taxing authority. *You have the final responsibility* for the income tax returns and, therefore, you should review them carefully before you sign them.

We have made available to you a **questionnaire and summary schedules** requesting specific information. Completing those documents will assist us in making sure you are well served for a reasonable fee. You represent that the information you are supplying to us is accurate and complete to the best of your knowledge and that you have disclosed to us all relevant facts affecting the returns. This will include the ownership of or signature authority over any foreign bank accounts and the ownership of any other foreign financial assets. We will not verify the information you give us; however, we may ask for additional clarification of some information.

In preparing your returns, we rely on your representations that we have been informed of all relevant tax transactions and that you understand and have complied with the documentation requirements for your expenses and deductions. If you have questions about these issues, please contact us.

Corporate Transparency Act/Beneficial Ownership Reporting

Assisting you with your compliance with the Corporate Transparency Act (“CTA”), including beneficial ownership information (“BOI”) reporting, is not within the scope of this engagement. You have sole responsibility for your compliance with the CTA, including its BOI reporting requirements and the collection of relevant ownership information. We shall have no liability resulting from your failure to comply with CTA. Information regarding the BOI reporting requirements can be found at <https://www.fincen.gov/boi>. Consider consulting with legal counsel if you have questions regarding the applicability of the CTA’s reporting requirements and issues surrounding the collection of relevant ownership information.

Other Work

If, during our work, we discover information that affects prior-year tax returns, we will make you aware of the facts. However, we cannot be responsible for identifying all items that may affect prior-year returns. If you become aware of such information during the year, please contact us to discuss the best resolution of the issue. We will be happy to prepare appropriate amended returns as a separate engagement.

Our work in connection with the preparation of the tax return(s) does not include any procedures designed to discover defalcations or other irregularities, should any exist. The returns will be prepared solely from information provided to us without verification by us.

The Internal Revenue Code and regulations impose preparation and disclosure standards with non-compliance penalties on both the preparer of a tax return and on the taxpayer. Accordingly, we will discuss tax positions that may increase the risk of exposure to penalties and any recommended disclosures with you before completing the preparation of the return. If we concluded that we are obligated to disclose a position and you refuse to permit the disclosure, we reserve the right to withdraw from the engagement and you agree to compensate us for our services to the date of withdrawal. Our engagement with you will terminate upon our withdrawal.

Record Retention and Confidentiality

In accordance with federal law, in no case will we disclose your tax return information to any location outside the United
